

Checklist for Digital Storytelling

As you watch our digital stories, use this checklist to find things that enhance the story:

Script

A particularly vivid description of a person, place, or situation with specific details

Repetition of a word or phrase for emphasis

Opening that quickly grabs the audience

Resolution or last line that underscores subtly underscores the point of the story

An unanswered question that keeps you watching

Smooth transitions between parts of the story

Images and Video

Memorable visual images

Revealing images of characters in the story

Images with metaphorical meaning

Parallel images throughout different parts of the story

Sound and Music

Tone of voice and the pace and energy of the narration

Juxtaposition of subject matter with image or sound

Sound effects that create a mood

Music that complements the content
