<u>Different Perspectives on the Problem</u>

Name	Perspective
Find a news article that touches on your perspectategories below	pective on the spill and summarize it using the
Source:	
Main point	
Important Information/Evidence	
Symbols used by the author (stories or metap	hors)
Numbers used by the author	
Causes cited by the author	
Effects of the spill	

Group Storytelling

In small groups, share your annotations from your article and as a group create a story from your assigned perspective (e.g. economic story, legal story, political story, etc.)
Story
How will you convey this story to the class?
What solutions does your story suggest?
Questions your group still has about your perspective
