

## FAMP Planning Worksheet

Do you prefer to work alone or in small groups?

If you prefer groups, who are 5 people in your class you collaborate well with?

Which of the four questions are you most interested in answering?

Write down a list of every task you can think of that might go into making this video in the space below. Remember the criteria you identified as important to create a good video:

- Writing - Clear thesis, organization, and conclusion
- Informative - credible sources, evidence
- Creative - humor, explosions, Morgan Freeman
- Refinement – smooth transitions, good editing

From that list, what tasks are you really good at, or feel comfortable tackling?

From the same list, what tasks give you hesitation, or make you feel less comfortable?

If you like to work alone, are you capable of managing all of the tasks effectively?

Below, or on a separate page, begin to list ideas for making a captivating short video clip about our 1st Amendment Rights. (Check out <http://1forall.us/contest/> for ideas)
