

## Issue Groups Worksheet

Look again at the issues below you identified as important over the next 100 years. Choose one to discuss with your peers. You can come up with another issue but you must find one other person who wants to discuss that issue.

Overpopulation

Pollution

Famine

Global peace

Clean water

Climate change

Depleted energy sources

Lack of natural resources

As group discuss the following:

What is your vision for solving this issue? What does a positive outcome look like?

What are some things you need to know to get from where we are now to your vision?

What is the connection between this issue and the First Amendment?
