

## What is the future like?

The future is endless

You don't know what will happen

Tomorrow

You could die...! Or

You could have the best day ever!...

Live

Live a beautiful life

If that means

Living as a crazy rebel

Or Living as a calm restful

Life is crazy

It can push you

It can pull you

But Do What You What tho

No matter what were doing

No matter who you were doing

Time will remain to leave you in the past

If you don't- keep-- up

You will be left by the- keif-- yup

One day you are going to lie

Facing upwards

Staring at nothing but a casket

6 feet under ground

One day someone is going to

Drain all your blood and

replace it with embalming fluid

after they stuff your mouth with cotton

One day someone is going to

Dress you in a nice dress

Cometize your face getting you

Ready for your relatives to stare and cry
